Foreword

The City of Bloomington Community and Family Resources Department has prepared this Guide. It includes licensed child care homes and centers, registered ministries, preschool programs, and school-age/summer care programs. The facilities are grouped according to the function they serve. Fees listed are subject to change.

Parents are urged to do their own investigating of any facility they plan to use, as this Guide is intended for information and not as a recommendation. Please take time to check out each prospective child care provider. Only you can determine the type of care you want for your child or children. Once you have chosen a facility, please contact the following individuals for further information on any recorded licensing violations or non-compliance, which may pertain to that facility:

Ron Doyon, Licensing Home Consultant, (812) 336-6351

Connie Scott, Licensing Center Consultant, (812) 786-6622

Robert Campbell, Registered Ministries Consultant, (812) 830-8541

You may have to schedule an appointment to view the facility's file.

All children entering Kindergarten in Monroe County Community Schools must be five years old on or before July 1 (call 330-7700). In the Richland-Bean Blossom Schools it is also July 1 (call 876-7100).

The licensing consultant maintains a current listing of all licensed child care homes. For further information call Ron Doyon at (812) 336-6351.

Copies of this Guide may be obtained at the Community and Family Resources Department, City Hall in the Showers Building, Suite 260, phone 349-3430, and at the Monroe County Public Library, Children's Department.

Newly licensed Child Care Homes and Child Care Centers can be included in the next issue of the Guide. Please call 349-3430.

The Community and Family Resources Department wishes to thank everyone who contributed in any way to making this Guide as complete and accurate as possible.

Licensed Homes (LH)

LH

Family child care homes are licensed and are located in a provider's home or a home structure. Homes are designed for multi-age group care. A home is limited to 12-16 children depending on the classification of their licensing. Their license should be posted, if you have a question regarding the number of children a provider should have.
